### Buddy Bocce

The Super Buddy Sports League was established to allow players, 5 years and older with either physical and/or intellectual disabilities, the opportunity to safely participate in sports. Divisions will be created based upon age. The league allows a "Buddy" to assist the player throughout the game as needed (rolling ball, pushing wheelchair or just socializing). "Buddy" helpers must be age 12 or older to volunteer. This league is designed so that all participants can learn and enjoy recreational activities in a safe environment while having fun!

## ***Guardian Program Responsibilities***

The City of Surprise takes pride in establishing quality programs for our participants in a safe, learning environment. As the parent or guardian of the participant, we ask that you make sure the following commitments are kept. Together, we can work to give the participants the wonderful opportunity and benefits of recreation and sports.

### **Registration**

Complete and return all registration and waiver forms necessary to the City of Surprise Community and Recreation Services Department by the registration date. All athletes must have a completed waiver form on file with the City of Surprise Community and Recreation Services Department before the start of the first practice.

### **Physicals**

All Participants are required to have a current physical on file with the City of Surprise's Adaptive Recreation Program prior to the first day of practice. Physicals are valid for one full year. Please keep a copy for your own records.

### **Transportation**

A Parent or guardian is responsible for transporting athletes to and from events. If an athlete is under the age of 18 a parent or guardian must remain on the premises at all times.

### **Behavior**

If a participant begins to have behavioral issues to the point that teammates and the overall program is affected, the City of Surprise reserves the right to suspend or remove the athlete from the program. It is important that you inform both the City of Surprise and the coach of any specific behaviors the participant might have. Please also share strategies or techniques at which the coach can use to better accommodate the participant. The programs we offer do not provide a one-on-one instruction ratio. If the participant needs special attention and more guidance, it is the parent/guardian's responsibility to provide that assistance.
